Do you want to help your students learn about the history and government of the United States, become more involved in their communities, and explore the possibility of gaining citizenship while they learn English? **EL/Civics Online** is a unique professional development course for instructors and volunteers who wish to incorporate EL/Civics into adult ESL classrooms. It includes the four courses shown above, special tutorials on lesson planning and adapting materials, and a personal Information Center which allows participants to keep their lesson plans, reflections, links, and resources in one convenient place. Visit the link above to learn more.

EL/Civics Online is funded by the U.S. Department of Education/Office of Vocational and Adult Education and the U.S. Citizenship and Immigration Services/Office of Citizenship under contract numbers ED-04-CO0031/0001 and ED-07-CO-0084. It was developed by the Adult Learning Resource Center (www.thecenterweb.org/alrc) with guidance from the Center for Applied Linguistics (www.cal.org).
