

Local Naturalization Resources

A. Educational Resources

Sometimes citizenship students need extra help improving their English skills and may need a referral to an ESL class. Other times, they may need to know where they can find another citizenship class, because they move or their schedules change. Having this information readily available will help citizenship teachers and tutors. Answering the questions below will help you find these needed local resources.

1. What nearby programs offer citizenship classes?

2. What nearby programs offer ESL or EL/Civics classes?

3. What nearby programs offer tutoring?

B. Legal and Other Resources

One of the most important services a citizenship teacher can provide is referral to agencies that provide legal or other immigration assistance. Teachers need to know about these agencies to be able to inform students about them. A Master Teacher can research this information and then share it with other teachers and tutors.

4. Where can students get legal assistance from qualified agencies?

5. Where can students get help filing their Application for Naturalization, Form N-400?

6. Where is the nearest USCIS Field Office?
